COURSE A | SESSION 2

The Art of Exceptional Living

The #1 problem that keeps people from succeeding in the United States today is a lack of belief in themselves.

If you want to create the life of your dreams, then you are going to have to take 100% responsibility for your life as well.

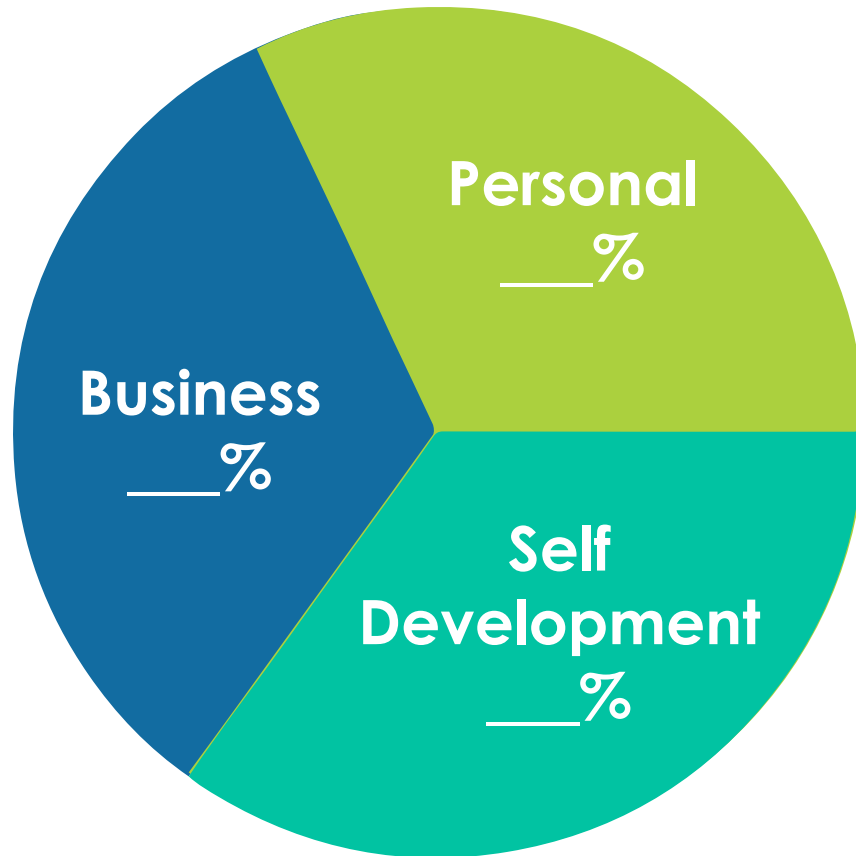

That means giving up all of your excuses, all of your victim stories, all the reasons why you can't and haven't done so yet, and giving up the blaming of outside circumstances that you can not control.

You have to give them all up. Forever.
